

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of 5/1/14. Contact your State for more information on eligibility

Statement of Rights under the Newborns' and Mother's Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Statement of Rights Under the Women's Cancer Rights Act of 1998

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending Physician and the patient, for: All stages of reconstruction of the breast on which the mastectomy was performed; Surgery and reconstruction of the other breast to produce a symmetrical appearance; Prostheses; and Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same Deductibles and Coinsurance applicable to other medical and surgical benefits provided under this Plan. (See the "Schedule of Benefits" for details.) If you would like more information on WHCRA benefits, call the number on the back of your Identification Card.

Notice of Grandfather Status

Cobb County Government Employee Health Benefit Plan believes this plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act. As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your [plan or policy] may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to Human Resources at 770-528-2541.

Special Enrollment Notice

If you are declining enrollment for yourself or your Dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your Dependents in this Plan, provided that you request enrollment within 30 days after your other coverage ends.

In addition, if you have a new Dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your Dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption. Eligible Subscribers and Dependents may also enroll under two additional circumstances:

- The Subscriber's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
- The Subscriber or Dependent becomes eligible for a subsidy (state premium assistance program).

The Subscriber or Dependent must request Special Enrollment within 60 days of the loss of Medicaid/CHIP or of the eligibility determination.

To request special enrollment or obtain more information, call the Customer Service telephone number on your identification card or contact your employer.

**Medicare Part D Notice
Creditable Coverage Notice 2017**

*Important Notice from Cobb County Government
About Your Prescription Drug Coverage and Medicare*

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Cobb County Government and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Cobb County Government has determined that the prescription drug coverage offered by Cigna Rx with your Blue Cross Blue Shield plans or Kaiser Permanente plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered **Creditable Coverage**. Because your existing coverage is **Creditable Coverage**, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from **October 15th through December 7th**.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Cobb County Government Health Plan coverage will be affected. If you are in one of the BCBSGA plans, with pharmacy benefits provided through Cigna Rx or Kaiser Permanente, then your coverage status through the County is not affected by having additional coverage in an individual Medicare drug plan. If you do decide to join a Medicare drug plan and drop your current Cobb County Government Health Plan coverage, be aware that you and your dependents will be able to get this coverage back if you meet eligibility requirements defined by the Cobb County Government Health Plan.

BCBSGA Medical with Cigna Rx Coverage:

The various Blue Cross Blue Shield and Kaiser Permanente medical options are all available to our Medicare-eligible population, and they are each accompanied by a common Pharmacy Benefits Plan provided by Cigna Rx or Kaiser Permanente respectively. These plans may provide both Retail (generally up to a 31 day supply) and Mail Order (generally 90 day supply) benefits. Members pay co-pays based upon the classification tier for that particular prescription. Information on which tier each drug is classified can be found at myCigna.com.

CMS Form 10182-CC

The Kaiser Permanente prescription co-pays for 2017 are:

Specialty	\$200	N/A	\$200 (30 day)

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Cobb County Government and do not join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following **October** to join.
