Step 3

Complete Application

This application requires a Notary Public authorization, as well as a copy of your drivers license, a voided check or direct deposit form.

Your Retirement Application may be filed with ERSGA no sooner than 90 days before the effective date of retirement. Retirement applications that are received less than 30 days before the effective retirement date will result in a retroactive payment on the next available monthly payroll. This application is not considered filed until it is received by ERSGA.

Effective Retirement Dates:

All retirement dates are effective on the first day of the month, after your date of termination (or separation) upon meeting the service and/or age qualifications. The first monthly retirement allowance is paid on either the last working day of the month in which your retirement effective date occurs or the next available payroll month.
